FOR IMMEDIATE RELEASE

DTS Signs New Rep for Germany mg-sensor GmbH

Seal Beach, CA (June 2012) – Diversified Technical Systems, a leading manufacturer of data recorders and sensors, has signed mg-sensor GmbH as its new sales representative in Germany.

Located in Iffezheim, the mg-sensor team has over 20 years of experience in test and measurement in a variety of industries including automotive, military and research facilities. Customers will appreciate the expert technical sales and support, plus the fast local service mg-sensor brings to the DTS global team.

DTS and mg-sensor will be working together at the Automotive Testing Expo Europe June 12-14 in Stuttgart. Visit stand 1121 to see the latest in DAS and sensors and meet our new German sales team.

About DTS: Diversified Technical Systems manufactures data acquisition systems and sensors for dynamic testing and human injury assessment. Since 1990, DTS has been the leading provider of advanced measurement solutions that require high-speed, miniature, shock-hardened data recorders and sensors. Based in Seal Beach, California, DTS has global offices in Michigan, Australia, China, Germany and Japan. Visit www.dtsweb.com for more information on the full line of DTS products and services.
