FOR IMMEDIATE RELEASE

## ***Inc.* Magazine Names DTS One of America's Fastest-Growing Private Companies**

### **DTS Ranks #81 in Manufacturing with Three-Year Sales Growth of 97%**

**NEW YORK, 2012** – For a second time, *Inc.* Magazine ranked Diversified Technical Systems as one of the fastest-growing private companies in the U.S. DTS ranked #81 in the Manufacturing category and # 2492 overall, in the sixth annual Inc. 500|5000 list. The annual list represents a comprehensive look at the most important segment of the economy—America's independent entrepreneurs.

*"I'm always proud that we work on applications where the cost benefit to society is enormous. The millions spent on research save billions in human cost,"* says Stephen Pruitt, President and co-founder of Diversified Technical Systems, a manufacturer of high-performance data recorders and sensors used in safety and crash testing, soldier helmet sensors and human injury assessment.

In a stagnant economic environment, median growth rate of 2012 Inc. 500|5000 companies remains an impressive 97 percent. The companies on this year's list report having created over 400,000 jobs in the past three years, and aggregate revenue among the honorees reached \$299 billion.

Complete results of the Inc. 5000, including company profiles and an interactive database including industry and region, can be found at [www.inc.com/inc5000](http://www.inc.com/inc5000).

**About DTS:** DTS data recorders and sensors are used worldwide in crash, blast and biomechanics testing performed by top automakers, aerospace and leading research facilities. A DTS helmet sensor that records head forces in an effort to improve soldier safety and reduce traumatic brain injuries was just named by the U.S. Army as one of *"The Greatest Inventions of 2011."* DTS was also recognized by *Inc.* in 2009. Based in Seal Beach, California, DTS has technical centers in Michigan, Australia, China, Germany and Japan. Visit [www.dtsweb.com](http://www.dtsweb.com) for more information on the full line of DTS products and services.

**Methodology:** The 2012 Inc. 500|5000 is ranked according to percentage revenue growth when comparing 2008 to 2011. To qualify, companies must have been founded and generating revenue by March 31, 2008. They had to be U.S.-based, privately held, for profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2011. (Since then, a number of companies on the list have gone public or been acquired.) The minimum revenue required for 2008 is \$100,000; the minimum for 2011 is \$2 million. As always, *Inc.* reserves the right to decline applicants for subjective reasons. Companies on the Inc. 500 are featured in *Inc.*'s September issue. They represent the top tier of the Inc. 5000, which can be found at [www.inc.com/500](http://www.inc.com/500).

**About *Inc.*:** Founded in 1979 and acquired in 2005 by Mansueto Ventures, *Inc.* is the only major brand dedicated exclusively to owners and managers of growing private companies, with the aim to deliver real solutions for today's innovative company builders. Total monthly audience reach for the brand has grown significantly from 2,000,000 in 2010 to over 6,000,000 today. For more information, visit [www.inc.com](http://www.inc.com).
